LinkedIn: linkedin.com/in/tundeadekunle

Location: Port Harcourt, Rivers State

Summary

Ph.D. in Computer Science with 4 years of experience in NLP and ML model deployment. Expert in Python, TensorFlow, and HuggingFace Transformers, with a focus on MLOps and model interpretability. Committed to delivering scalable AI solutions.

Education

Ph.D. in Computer Science

University of Ibadan

2017 - 2021

M.Sc. in Data Science

Lagos State University

2014 - 2016

B.Sc. in Computer Science

Olabisi Onabanjo University

2009 - 2013

Certifications

- Google Professional Machine Learning Engineer (2022)

- AWS Certified Data Analytics – Specialty (2021)

Professional Experience

Senior Data Scientist

TechSmart Innovations, Lagos

Jan 2021 - Present

- Designed NLP models with HuggingFace Transformers for text classification, achieving 92% accuracy.

- Built MLOps workflows with Kubeflow and Docker, reducing deployment time by 30%.

- Utilized LIME for model explainability, improving stakeholder trust.

Data Scientist

DataTrend Solutions, Ibadan

Jul 2018 - Dec 2020

- Developed regression models with TensorFlow for sales forecasting, improving accuracy by 15%.

- Preprocessed text data with NLTK for NLP model training.

- Collaborated with DevOps teams to deploy models via Kubernetes.

Skills

- Programming: Python, R, SQL

- ML Frameworks: TensorFlow, Scikit-learn, Keras

- NLP Tools: spaCy, NLTK, HuggingFace Transformers

- MLOps: Kubeflow, Docker, AWS

- Other: LIME, Pandas, Git

Projects

- **Text Classification Pipeline**: Deployed a BERT-based model for document analysis, improving accuracy by 20%.

- **Customer Insights Tool**: Built a sentiment analysis model with NLTK, enhancing marketing strategies.
